EXISTING ROOF CURB MEASUREMENT SHEET

JOB NAME: _____

RTU #: _____

DATE: _____

A	B	C	D	E	F

Instructions

1. Measure & record the total outside dimension for F, J & N
2. On each side measure for each letter & record values in each box below its corresponding letter
3. Add up these values to insure they equal the overall dimension (OD) for that specific side

Example: A+B+C+D+E=F

4. Make a note of any obstacles within 4 feet of roof curb
